SITUATION SUMMARY

National News – Significant Events

Suspect held after United Airlines flight diverted due to 'threatening message'

(CNN) Canadian authorities detained a suspect Saturday morning after a Denver-bound United Airlines flight was diverted due to a "threatening message" found on board. Flight 1104 departed 11:39 p.m. Friday (4:39 a.m. ET Saturday) from Anchorage, Alaska, bound for Denver, according to United's website. But "the crew elected to divert the flight after they discovered a threatening message from one of the passengers," United spokesman Charlie Hobart told CNN. Hobart did not characterize the nature or form of the threat. The plane landed at Vancouver International Airport, and authorities have "a suspect in custody," the Royal Canadian Mounted Police office in Richmond, British Columbia, said on Twitter. Aboard the Boeing 737 were 131 passengers and six crew members. United Airlines subsequently worked to get those passengers back in the air so they could get to Colorado, the airline spokesman said. The Mounted Police tweet added that the incident wasn't affecting operations at Vancouver's airport on Saturday morning, a fact seconded by the airport itself.

International News – Significant Events

18 Cologne attack suspects ID'd as asylum-seekers; police chief fired

(CNN) German authorities have identified 31 people, including 18 asylum-seekers, as suspects in mob sex attacks and muggings in Cologne on New Year's Eve -- one of several such incidents in Europe. In Cologne, where most of the attacks took place, a police spokesman confirmed Chief Wolfgang Albers was fired Friday. Albers' dismissal comes amid criticism of his department's handling of the violence. One victim of the Cologne violence told CNN there were too few police on the streets to prevent attacks. "We ran to the police. But we saw the police were so understaffed," the victim said. "They couldn't take care of us and we as women suffered the price." Spiegel Online reported that groups of men prevented officers from reaching those crying out for help. Interior Minister Thomas de Maiziere has slammed the response of Cologne police while German Justice Minister Heiko Maas was among many who blasted Cologne Mayor Henriette Reker for advising women to keep "more than an arm's length" from unknown men. Reker later complained the comments were taken out of context. Cologne police spokeswoman Christoph Gilles told reporters Friday that some 170 criminal complaints have been filed related to the apparently coordinated attacks, "at least 120 of which have a sexual angle." An 80-person investigative team is looking at 250 videos (with about 350 hours of footage), Gilles added. The suspects include nine Algerian nationals, eight people from Morocco, five from Iran and four from Syria, German interior ministry spokesman Tobias Plate said. Two are German citizens, while one each are from Iraq, Serbia and the United States. Other German cities had similar attacks that same night, including the northern city of Hamburg, where more than 50 similar incidents were reported.

SITUATION SUMMARY

Cal OES Southern Region Storm, 2016-01-05 Winter Storm

- The Southern Region Emergency Operations Center (SREOC) is activated to Level I and continues to coordinate the regional response in support of 2016-01-05 Winter Storm.
- A Regional Event has been created in Cal EOC: 2016-01-05 Winter Storm

Critical Concerns

San Bernardino County, Power outage, Southern California Edison (SCE)

- An extended power outage has been reported by the San Bernardino County territory rep in Forest Falls. The outage may not be restored until Monday for some customers.
- [SCE outage website at 0645 hours shows 259 residences without power in the Forest Falls Area](#)
- SCE activated IMT and Mobile Support Unit in Yucaipa
- SCE reverse dialing system has an 80% delivery rate to customers in the affected area
- Due to vehicle traffic delaying SCE restoration efforts, on Sunday, January 10, 2016 from 0900 to 1700 The Sheriff will implement a hard closure at Valley of the Falls Drive between SR-38 and Rock Street, No resident/civilian traffic will be allowed in or out of the area during that time period
- There are no requests for state assistance or unmet needs at this time

Communications

- At 1807 on 01/09/16 San Bernardino County OA notified that the phone and cellular service has been restored in Angeles Oaks
- Per PSC at 1424 hours on 01/09/15:
- Verizon and AT&T advised that there is no 9-1-1 network outages

American Red Cross

- Shelter and shelter support teams will remain on standby in the Yucaipa area through Tuesday, 1/12/16

SITUATION SUMMARY

Cal EOC Incident – 2014 Drought

- SOC / Inland REOC remains activated in support of 2014 Drought

Weather of Concern

Northern California

- A couple of weather systems will be impacting Northern California next week. Neither system looks particularly wet, but there is no signs of an extended dry period anytime soon.

Southern California

- High surf conditions are expected for the Central Coast through much of the coming week, starting this afternoon. A long period northwest swell will move into the waters today, bringing high surf conditions to the Central Coast by mid-afternoon.

Active Weather Warnings, Watches and Advisories by County:

http://www.wrh.noaa.gov/sto/brief/wwa_bc_cal.php

WEATHER

WEATHER SYNOPSIS BY REGION:

NORTHERN CALIFORNIA AND CENTRAL COASTAL AREAS:

Eureka Weather:

A wet weather pattern will continue for the next week as multiple storm systems move through Northwest California. A brief period of dry conditions is expected today with rain returning tonight into Monday as the next system impacts the region.

Medford Weather:

Today through Wednesday upper level ridging has started to build in over the forecast area, clearing out the mid to high level clouds and allowing extensive areas of fog and stratus to develop in the valleys of both the West and East side. This will limit cooling this morning, and low temperatures will likely not reach as low as previously thought. However, once the sun rises, the fog and low clouds should burn off, and daytime highs are expected to warm to similar values as yesterday.

Reno Weather:

High pressure will build along the West Coast today and last into Tuesday. Valley inversions will strengthen with overall dry conditions except for a few possible light showers near the Oregon border Monday. The next area of low pressure will approach Wednesday which will provide the next decent chance of precipitation.

San Francisco Weather:

A weak weather system will spread areas of light rain across the region from this afternoon through Monday. A stronger weather system is forecast to bring moderate rainfall and gusty winds to the region late Tuesday night and Wednesday. The weather pattern will remain active late in the week and into next weekend although strong storms are not expected.

WEATHER

WEATHER SYNOPSIS BY REGION:

CENTRAL CALIFORNIA AND SOUTHERN SAN JOAQUIN VALLEY:

Sacramento Weather:

A brief break Sunday with patchy fog, then another weak system for Monday and a potentially stronger system for the middle of next week.

Hanford Weather:

A weak system will track to the North of the region on Monday. A ridge will prevail over the area on Tuesday allowing for some fog development during the late night through mid-morning hours. A stronger system will move through our area on Wednesday and Wednesday night providing for another round of rain and mountain snow.

SOUTHERN CALIFORNIA:

Los Angeles Weather:

Light scattered showers are expected to end from North to South overnight. A weak warm front approaching from the West late Sunday into Monday will bring the slight chance of light showers to the North of Santa Barbara. A low pressure system passing to the North will push a cold front through the region late Wednesday into Thursday supporting the chance of rain and mountain snow.

Extreme Southwestern California including Orange, San Diego, Western Riverside and Southwestern San Bernardino Counties:

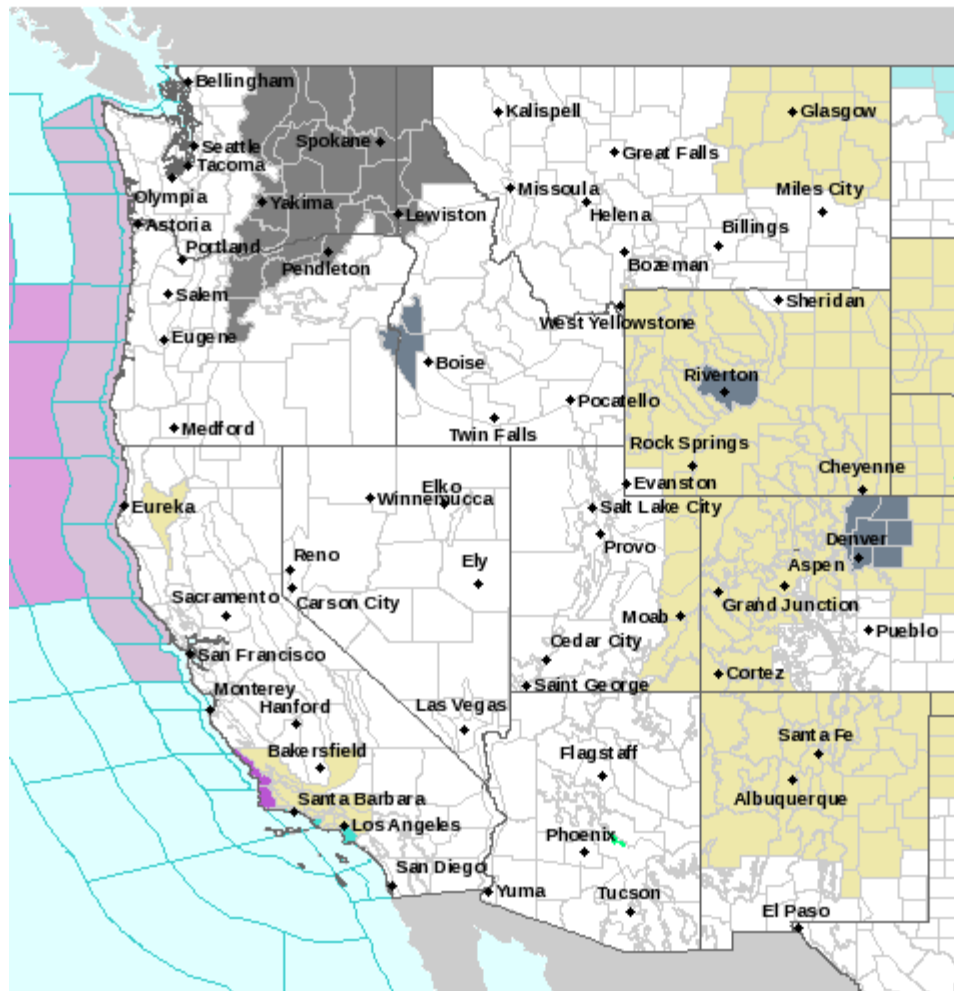

Scattered light showers will decrease from the Northwest today but could linger over San Diego County and near the mountains into tonight. Dry for Monday through early Wednesday with weak offshore flow. For Wednesday night and early Thursday a weakening front will bring some light precipitation along and West of the mountains. Another round of mainly light precipitation is possible around next Sunday. High temperatures will mostly be a little below average for the next week.

Southeast California Weather:

A weak trough will move through the area today bringing increased cloud cover along with a very slight chance of showers to the area. Otherwise dry weather with a gradual warming trend is expected this week as weak high pressure becomes the dominant weather feature.

CAL OES 2014 DROUGHT

Cal EOC Incident – 2014 Drought

- The SOC is activated in support of the Drought State of Emergency and continue to monitor the situation.
- The Governor issued Executive Order B-26-14 on 09/19/14, to streamline relief efforts for families with drinking water shortages due to drought, specifically through the California Disaster Assistance Act, to provide temporary water supplies to households without water for drinking and/or sanitation purposes.
- The Governor issued Executive Order B-29-15 on 04/01/15 which announced actions that will save water, increase enforcement to prevent wasteful water use, streamline the state's drought response and invest in new technologies to make California more drought resilient.
- CDAA 2014 Drought Fact Sheet and Frequently Asked Questions provided to Regions for reference and distribution.
- Cal OES Recovery continues to coordinate the Community Impacts Workgroup conference calls. Currently, the calls take place on alternating Wednesdays.
- Cal OES Recovery/Individual Assistance finalized an updated 2015 version of the drought brochure of programs and services for individuals, businesses, farmers, and ranchers. It has been put on the Governor's Drought webpage. State agencies may put the following link to the brochure on their webpage <http://ca.gov/drought/pdf/Drought-Assistance-Brochure-2015.pdf>
- Cal OES Regions (Inland, Coastal, Southern) collective OA drought call is facilitated by the SOC and will be held once per month.

CAL OES 2014 DROUGHT

Cal EOC Incident – 2014 Drought

Local Emergency Proclamations:

A total of 63 local Emergency Proclamations have been received to date from city, county, and tribal governments, as well as special districts:

- 29 Counties: Butte, Colusa, Calaveras, El Dorado, Fresno, Glenn, Inyo, Humboldt, Kern, Kings, Lake, Madera, Mariposa, Merced, Modoc, Plumas, San Bernardino, San Joaquin, San Luis Obispo, Santa Barbara, Shasta, Siskiyou, Sonoma, Stanislaus, Sutter, Trinity, Tulare, Tuolumne, and Yuba.
- 13 Cities: City of Live Oak (Sutter County), City of Lodi (San Joaquin County), City of Manteca (San Joaquin County), City of Montague (Siskiyou County), City of Porterville (Tulare County), City of Portola (Plumas County), City of Ripon (San Joaquin County), City of San Juan Bautista (San Benito County), City of Santa Barbara (Santa Barbara County), City of Rancho Cucamonga (San Bernardino County) and City of West Sacramento (Yolo County), City of Willits (Mendocino County), and City of Fort Bragg (Mendocino County).
- 9 Tribes: Cortina Indian Rancheria (Colusa County), Hoopa Valley Tribe (Humboldt County), Karuk Tribe (Siskiyou/Humboldt Counties), Kashia Band of Pomo Indians of the Stewarts Point Rancheria (Sonoma County), Picayune Rancheria of Chukchansi Indians (Madera County) Sherwood Valley Pomo Indian Tribe (Mendocino County), Tule River Indian Tribe (Tulare County), Yocha Dehe Wintun Nation (Yolo County), and Yurok Tribe (Humboldt County).
- 12 Special Districts: Carpinteria Valley Water District (Santa Barbara County), Goleta Water District (Santa Barbara County), Groveland Community Services District (Tuolumne County), Lake Don Pedro Community Services District (Mariposa Stanislaus County), Mariposa Public Utility District (Mariposa County), Meiners Oaks Water District (Ventura County), Montecito Water District (Santa Barbara County), Mountain House Community Service District (San Joaquin County), Nevada Irrigation District (Nevada County), Placer County Water Agency (Placer County), Tuolumne Utilities District (Tuolumne County), and Twain Harte Community Services District (Tuolumne County).

Mission:

We protect lives and property, build capabilities, and support our communities for a resilient California.

We achieve our mission by serving the public through effective collaboration in preparing for, protecting against, responding to, recovering from, and mitigating the impacts of all hazards and threats.
